Paper, Stationery and Office supplies...

STATIONERY BROCHURE

Greetings from Deloffice

We are the leading importer and distributor of paper and office supplies in Mauritius.

In less than one decade, we have established the largest portfolio of high profile corporate customers. We service leading organisations in almost all sectors of the economy including public bodies.

We provide a peace of mind solution and allow organisations to focus on what they do the best. We are well organised and aim to provide a one-stop shop service with quick response.

Our strength is our people. We are good at what we do and strive to improve where we failed. We like to lead, innovate and experiment. We have made of quality our culture and high service standard our business strategy.

We strongly believe in good corporate governance and business ethics. We say "No" to bribe and "No" to unethical business conduct. Trust, honesty and integrity are our core values. It is with this philosophy that we intend to grow and to succeed.

Driven by passion, we like to meet people, make friends and share ideas. We celebrate the arrival of every new customer and we treat them all with respect. We understand our role in society and assume seriously our social responsibility.

Our product brochure aims to present our product range. We invite you to visit our webstore at www.deloffice.mu and to join the Deloffice Community.
